VIKING Quality at a Great Value

Storm Flap

Unique, specially contoured storm flap to avoid water penetration and annoying flaps

Raglan Sleeves

Specially designed sleeves and pre-bent arms for a better fit and a more rugged feel

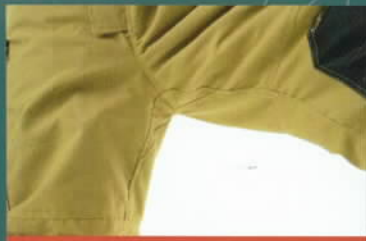

Suspender Attachments

Low profile suspender attachments without buttons

Drag Rescue Device

Handy drag rescue device in a durable design

Diamond Crotch Insert

Practical addition for better flexibility

Cuff Reinforcements

Reinforced Arashield® cuffs for low maintenance costs. Padded knees help protect against compression burns

VIKING PS78 Series

The Classic Lightweight and Flexible Turnout Gear
